footprints answers

additional resource

Below is a slide that I show students before we go on climbing camps.

At a superficial level, it is designed to allow the inevitable bush lawyer in the class absolutely no room for movement to say things like, "You didn't say we couldn't defenestrate rocks."

At a deeper level, it is designed to get the point across that nothing should be propelled in any way in situations where people could be hurt or equipment or nature damaged.

DO NOT

Vb. *propel*, launch, project; flight, throw, cast, heave, pitch, toss, cant, chuck, shy; bowl, lob, york; hurl, fling, sling, catapult; dart, flick; pelt, stone, shower, snowball 712 vb. *lapidate*; precipitate, send flying, defenestrate; pitchfork 300 vb. *eject*; blow away, blow up, fulminate; serve, return, volley, smash, kill (tennis); bat, slog; sky, loft; drive, cut, pull, hook, glance (cricket); shank, slice 279 vb. *strike*; kick, dribble, punt (football); push 279 vb. *impel*; wheel, pedal, roll, bowl, trundle 315 vb. *rotate*; sweep, drive like leaves.

shoot, fire, open fire, volley; discharge, let off, bombard 712 vb. *fire at*; snipe, pot at; pepper 263 vb. *pierce*.

ANY ANIMATE OR INANIMATE OBJECT
